## GOVERNOR KILBY NAMES OFFICERS OF NEW SOCIETY TO AID PATRIOTS

Organization Created Under Act of Legislature Will Promote Patriotism

### NEW RULING ON FEED BILLS IS ATTACKED

Largest Still in History is Reported Captured Near Selma

(Montgomery Bureau Albany-Decatur Daily)

MONTGOMERY, ALA., May 31.—Acting under the authority of an act passed in 1919, Governor Kilby today announced the appointment of the Alabama Patriotic Society, with a president and vice-president and ten members of a board of governors. The society is charged with the duty of making plans in its own way for the instilling of patriotic ideals in citizens of Alabama and in persons who might become citizens of the state the organization being the idea of W. Y. Adams, member of the house of representatives of Blount county, who became impressed during the world war with the fact that the state should have a permanent organization charged with the duty of promoting patriotism and Americanization. The members will serve without compensation.

Victor H. Hanson, of Birmingham, was made president of the society and Mrs. W. J. Hannah, of Montgomery, was named vice-president, while the following persons were given membership on the board of governors: Mrs. Kate G. Hagan, of Mobile, Mrs. Oscar Dugger, of Andalusia, Mrs. Mary Ivers Carroll, of Ozark, Judge Charles Leydon, of Anniston, H. S. Doster, of Prattville, Dr. George Lang, of the University of Alabama, William Y. Adams, of Gadsden city, W. H. Mitchell, of Florence, Captain Matt H. Murphy, of Birmingham and Mrs. J. A. Moore, of Jasper.

The society is given authority to obtain funds for its work through public subscriptions, to receive endowments and to purchase such buildings with its own funds as may be needed in the promotion of its work. It will be self-perpetuating. All members were appointed for four years, after which the board of governors will elect its members.

**Officers Recognized.**  
Twenty-two members of the Alabama National Guard, who passed the recent examinations for federal recognition, were successful and were given permanent recognition as officers of the Alabama National Guard in an order received today by the state military department. The examination was conducted at the capitol two months ago. In the list were five majors, eight captains, five first lieutenants and four second lieutenants.

**Authority Attacked**  
Authority of the state prison inspection department to issue an order requiring sheriffs of Alabama to file with it a copy of the daily rations furnished prisoners in the county jails before obtaining a warrant from the state treasury for feeding the prisoners was attacked by William Chandler, sheriff of Etowah county, in mandamus proceedings submitted to the circuit court of Montgomery county Monday afternoon. Judge Jones took the case under advisement and announced that a decision probably will be rendered Tuesday.

Several Alabama sheriffs are interested in the case, according to indications. Sheriff Chandler showed that he filed his account of the number of prisoners in his jail with H. F. Leo, state auditor, but that the auditor had refused to issue a warrant covering the account because he did not submit the daily ration sheet required by the prison inspection department. He alleged that there is nothing in the law of 1920 providing for the feeding of prisoners which requires a sheriff to make such a report or permits the prison inspection department to promulgate such an order.

The prison inspection department acted under the section of the law which provides that rules and regulations for the feeding of prisoners shall be promulgated by it. The new law gives the sheriff the actual amount spent on food for the prisoners another fee for service.

## National System Air Waves Plan of Gen. Mitchell

(International News Service)

WASHINGTON, May 31.—Air service officers, headed by Brigadier General William Mitchell, today launched a campaign for a centralized air service and the establishment of national system of air waves.

They believe this is necessary if aviation is to be properly developed and repetitions of the fatal crash which resulted in the death of seven at Indian Head last Saturday, is avoided.

General Mitchell has mapped out a proposed system of air waves which he believes will meet all present requirements.

It provides for five main air routes and a number of secondary routes with airmen and landing fields at frequent fields.

## BELOVED CITIZEN CALLED BY DEATH; ALL SEVERAL YEARS

J. D. McNabb, one of the Twin Cities' most widely beloved citizens, was called by death this morning after an illness extending over a period of five years and during which he had visited many sections in an effort to regain his health.

For thirty years Mr. McNabb has been a resident of the Twin Cities and during that period was assistant master foreman of the Louisville and Nashville shops here. He came to Albany from Montgomery where he had been general foreman of the Louisville and Nashville shops of that city. He had been in the employ of the road for 40 years. He was a native of East Tennessee, having served his apprenticeship as a machinist in the Louisville shops.

Characteristic of Mr. McNabb was his unflinching courtesy and kindness to all with whom he came in contact. He numbered his friends by his acquaintances and news of his death this morning came as a great shock.

Funeral services will be held Thursday afternoon at 4 o'clock at St. John's Episcopal church by Rev. T. G. Mundy. After the religious services at the grave, the body will be interred with Masonic honors. Mr. McNabb having been a consistent and active member of that order. The pallbearers will be members of the Masonic lodge.

The body will rest in the undertaking parlors on Ferry street from 6 o'clock Wednesday evening until 3 o'clock Thursday afternoon.

The food, which ranges from five cents a prisoner to ten cents a prisoner, the scale being governed by the number of prisoners in jail. Sheriff Chandler asked the court to issue a writ of mandamus requiring the auditor to pay him the amount due without the ration sheet.

The state was represented at the hearing by Hugh White and Mrs. B. S. Osgood, assistant attorneys-general.

**Big Still Taken.**  
The largest still ever raided in Alabama and probably the largest in the south was taken by state constables four miles from Selma, Lee county, Saturday, according to a report received by the state office of the constabulary today. The still was operated by steam from a brick furnace eight by ten feet and had four large steam boilers, each having a capacity of 150 gallons, four one hundred gallon distilling units, four thirty-foot copper worms and two fifteen hundred gallon beer vats. Three thousand gallons of beer were destroyed.

Constables of this expedition also destroyed two smaller stills which were being operated on an island in the Chattahoochee river between Alabama and Georgia. No arrests were made.

**Big Reward**  
Sheriff W. A. Betts of Lee county today received from the state auditor a warrant for six hundred dollars as a reward for the capture and conviction of eight persons for manufacturing liquor. Sheriff Betts' force destroyed the stills and received the reward under the provisions of the bone dry law of 1919. The moonshiners in the state penitentiary.

## SHEFFIELD LOSES TO TWINS BEFORE A RECORD CROWD; MOSELY IS STAR

Triplets Encounter Machine Gun Nest on Invasion of Twin's Lair

### MOSELY'S FINGER HURT BY DRIVE THROUGH BOX

Florence, Tusculumbia and Sheffield Send Big Contingent of Fans Here

Accompanied by a rip-roaring contingent of fans, the Tri-Cities invaded the lair of the Twins yesterday afternoon and found they had encountered a machine gun nest. The Triplets bowed before the mastery pitching of Mosely and were defeated 6 to 4.

Play began before a holiday crowd of 1300, nearly 400 more than attended the opening game here. In addition to the crowd from Sheffield, Florence and Tusculumbia, a number of Huntsville people came over to see Mosely and Eaks in action. Both amply rewarded their friends from the old home town.

Mosely ran into a bunch of hard luck in the eighth inning. After holding the Sheffield hitters to three safe blows for the seven and one third innings he was on the mound, "Mose" was hit on the middle finger of his hurling hand by a ball batted by Smith and was forced to retire. Russell took up the burden, without having an opportunity to warm up and was nicked for five safeties, but would have escaped without being scored on had not Craddock missed Smith's pop fly in the ninth.

Neither scored in the first, both sides going out in order and it seemed the largest crowd in the history of the local park would be treated to one of the warmest pitching duels on record. In the second, after Riddle had gone out, Elmo sent a long triple between Lewis and McClain and scored on Curtis' rap to third. Tilton ended the inning with a fly to McClain.

In their half of the second the Twins went into the lead and were never headed. McClain walked as an opener. Carter made a pretty play on his attempted sacrifice. When Romine came tearing in, Carter put a little more punch to his bunt, sent the ball past the third baseman and all hands were safe. McDuff hit to Smith, who threw to first, the throw getting past Curtis. McClain and Carter began tearing around the bases and Curtis heaved wild to the plate in an attempt to catch one of them, both then scoring and McDuff going to third. Mac counted on Lauderdale's sacrifice fly to left. Johnston popped to short and Mosely whiffed to end the inning.

The visitors got one of the runs back in the fourth when Riddle was safe on a fielder's choice, stole second, went to third on an infield out and counted on Curtis' blow to left.

In the fifth the Twins put the game on ice. Mosely singled to center. Lewis attempted to sacrifice and Underwood muffed up the throw. At second, both runners being safe. Eak's pinch single brought them home.

One more run was added in the eighth, when Eaks whiffed on a wild pitch and was safe at first. Carter's single to left scored the first sacker.

The visitors gave the locals a scare in the ninth. Elmo flew out to Lewis to open the inning but Johnston sent a blow to Carter. Tilton dithered. Nathan hit to McDuff who tagged out Tilton, Johnston taking third. Nathan stole second. Smith popped to Craddock, who after making a nice

## Strike is Averted in Building Trades

NEW ORLEANS, May 31.—A huge building trades strike has been averted here through the pile drivers, hoisting engineers, iron workers, cement finishers, plumbers, sheet metal workers, painters and hod carriers accepting a 20 per cent an hour wage cut, starting tomorrow. The carpenters, however, have declined to accept the wage cut on commercial, industrial and apartment buildings and have made the contractors a counter proposal to accept a cut to 87 1/2 cents an hour on dwellings, not over two stories in height, schools, churches and asylums.

## WOOSTER STINSON DEFEATS CHAMPION AND MAKES A FINE SHOWING AT SHOOT

Local Gunner is Member of Alabama Team of Five Men

### MAKES 98 HITS OUT OF ONE HUNDRED SHOTS

Will Participate in National Shoot to be Held Soon in Atlanta

Wooster Stinson, member of the Albany gun club and prominent local business man, yesterday went to Birmingham, tied for high place in a qualifying shoot, defeated the national trap champion and won a place on the five-man team which represents Alabama in the national shoot to be held June 1, 2 and 3 in Atlanta.

Mr. Stinson ran up the remarkable score of 98 hits out of 100 shots in the qualifying round and had a total score for the day of 194 out of 200 shots. Mr. Stinson tied with Mason, of Montgomery, for high place, and defeated Woodward, the national champion by one bird.

John Knight and Dyke Echols also participated in the shoot and made very creditable showings. Mr. Knight got 187 hits out of 200 shots, while Mr. Echols got 79 out of 100, retiring then because of illness.

The showings of the local shooters reflects much credit on the gun clubs of Albany and Decatur and the local representatives today were receiving the congratulations of their fellow citizens.

If Mr. Stinson continues his remarkable form, it is not unlikely that he will make a hard fight for national individual honors at Atlanta, as well as aiding materially in the showing of the Alabama team.

## LARGE ARMAMENTS HURT COTTON PRICE HOKE SMITH SAYS

NEW YORK, May 31.—Ex-Senator Hoke Smith, of Georgia, speaking today before the cotton conference, declared that large armaments in European countries are delaying a return to normal conditions. The ex-Senator denounced in scathing language the folly of the little countries that have kept Europe in turmoil since the armistice, paying particular attention to Poland.

The long hoped for cotton revival depends on the stabilization of international relations and a speedy return to a peace foundation, is the belief of some of the best informed cotton growers and manufacturers attending the conference. All looked forward to the world cotton conference to be held next month at Liverpool and Manchester as a means of remedying faults and correcting abuses.

"The only relief for the cotton situation today depends on the financing by this country of the foreign spinners with long term credit. When the foreign nations are able to buy a demand will have been created and the price of cotton will improve," said Col. Harvey Jordan, of St. Mathews, S. C.

A long step in the right direction was the reestablishment of the war finance corporation, Col. Jordan added. He declared that the American baling of cotton "is most disgraceful." He said that the American cotton grower must be educated to take better care of his cotton and to bale it better. Insurance, storage and freight rates, he said, are too high.

## Another Note is Sent Netherlands

WASHINGTON, May 31.—The United States has dispatched another note to the Dutch government dealing with the oil controversy in the Sumatra region, it was learned officially today. While the state department declined to make public the text of the note it is understood it takes strong issue with some of the arguments advanced recently by the Netherlands government its communication to this government.

## REPUBLICAN CHIEFS WORK FOR HARMONY AS SOLONS GATHER AFTER 3-DAY REST

Army, Navy and Peace Policy Provide Division in the G. O. P. Ranks

### HOUSE MAY TINKER WITH THE BORAH RESOLUTION

Size of Army Another Serious Bone of Contentment Between Forces

(International News Service)  
WASHINGTON, May 31.—Republican leaders were striving to match up an agreement between the Senate and house majorities on a peace and army and navy policy when congress reassembled today after a three-day holiday.

With Republican senators divided against themselves on the \$500,000,000 "bigger American navy" appropriations bill, rumbles of discontent among the Republican membership of the house over the \$100,000,000 in increases proposed by the Republican-controlled senate naval affairs committee, were growing louder.

A disposition evinced by Republican representatives to tinker with the Borah disarmament provision adopted unanimously by the senate, so as to make it apply to military as well as naval armament, also threatens to tie up the navy bill in conference after it is finally disposed of in the upper chamber.

The size of the army is another serious bone of contention between the senate and house which promises additional trouble for Republican leaders. The house fixed the minimum size at 150,000 when it passed the army appropriations bill. The senate military affairs committee boosted the minimum to 170,000.

## FEELEERS SENT OUT

(International News Service)  
WASHINGTON, May 31.—What are described as "informal feelers" have already been put out by the Harding administration in the capitals of Europe to ascertain the sentiment toward a conference on disarmament.

This was revealed here today when President Harding received newspaper men in the bi-weekly conference.

These feelers, it was stated, were put out before the Senate passed the much fought Borah amendment to the naval appropriations bill, which required the executive to issue a call for such a conference to meet in Washington.

## CARPENTIER FAILS SHOW PUBLIC ALL

By JAMES J. CORBET.  
(Former heavyweight champion of the world. Written expressly for International News Service. Copyright, 1921, by the I. N. S.)

ATLANTIC CITY, N. J., May 31.—Georges Carpentier evidently is a very cagy chap.

From his decision to do his training at Manhasset, Long Island, in private, I imagine that he has determined to show as little as possible of his fighting style before he gets into the ring with Dempsey, July 2.

Members of the press, of course, will be welcome to watch the French title holder in his workouts, but I doubt very much if he will uncover any of his favorite tactics in working with his sparring partners.

He doesn't have to show anything. After years of experience in the ring he knows what he can do, and if I am a good guesser, he will not lay a trump card on the table until the good rings at Jersey City.

From one viewpoint Carpentier's method of training in private is the best for him. I am told that he is of nervous temperament, despite the cool, calculating style he is said to use in the ring. If this is true, the presence of daily crowds of curious Americans would worry him.

No one on this side of the water who has not seen Carpentier in any of his important fights can judge his ability from what he showed in the Levinsky bout. In that fight he

## Peggy Joyce is Called a Vamp By Her Husband

(International News Service)

CHICAGO, May 31.—Peggy Hopkins Joyce was stripped of the glamor of jewels, millions and romance and held up as a sordid adventuress by her multi-millionaire husband, James Stanley Joyce in an answer filed today to Peggy's petition for \$10,000 a month temporary alimony.

The most startling charge made by Joyce was the revelation of a hitherto "sealed chapter" in Peggy's life—the taking of his own life by an enamored army officer in New York after an affair with her.

Of almost equal interest is the charge that Peggy's alibi letter, produced by her to prove her alleged divorce from her first husband, Everett Archibald, is a false instrument.

## RECEIVING STATION OF WIRELESS PLANT TO BE PLACED HERE

A receiving station for a wireless system on the N. C. and St. L. railroad is to be established here, according to an announcement in The Gadsden Evening Journal.

The Gadsden newspaper in discussion the new plans of the railroad says: One of the largest and most complete wireless stations in the South is being erected at Guntersville by the Nashville, Chattanooga & St. Louis railroad and according to information it will soon be in working condition.

When the station at Guntersville is completed the N. C. & St. L. will be the only railroad in this section of America to be operated by wireless telegraphy. Only two stations are being built at this time, the other one being at Tallahoma, Tenn. It is the plan to use the telephone in connection with these two stations until additional wireless apparatus can be erected along the line. For instance, all messages originating in Gadsden will be telephoned to Guntersville and from that point will be wireless to Tallahoma. A receiving instrument will also be placed at Decatur because of the river traffic in connection with the business by rail.

The N. C. & St. L. first operated its trains by telegraph, then by telephone and now it is preparing to use the wireless system. It is understood that the branch from Gadsden to Elora, Tenn., will be used to give the innovation a thorough trial and if it is as successful as officials predict it will be the entire system will be equipped with wireless stations.

A tower 150 feet in height is being erected at Guntersville. It will be equipped with a powerful receiver and the station will have all the apparatus necessary to carry all of the telegraphic business of the road.

## Sheriff's Petition Denied by Court

(International News Service)  
MONTGOMERY, May 31.—The mandamus petition of Sheriff Chandler, of Etowah county against Fitzhugh Lee, state auditor, was denied by Judge Walter B. Jones, of Montgomery circuit court, this morning. The question of whether the sheriff shall furnish daily ration sheets to the state prison inspector was involved.

## Clyde Manning Case to Jury

(International News Service)  
COVINGTON, GA., May 31.—The case of Clyde Manning, negro farm boss, charged with being executioner of more than a dozen negroes on the plantation of John S. Williams will go to the jury this afternoon. Arguments began at noon.

Manning gave the case a dramatic climax when he broke down and wept as he begged the jury to believe his part in the slaying of the negroes was due to fear for his employer and not to any desire of himself to end their lives.

## Funeral is Held For W. S. Stevens

Funeral services will be held this afternoon at 4:30 o'clock for W. S. Stevens, who died yesterday evening at 8 o'clock at his residence, 706 West Moulton street. Services will be conducted from the residence by Revs. W. P. Wilks, pastor of the Central Baptist church and J. F. Sturdivant, pastor of the Central Methodist church, interment being made here. Mr. Stevens was beloved by a wide circle of friends.

The deceased is survived by two sons, S. J. Stevens, of Little Rock and W. A. Stevens, of Albany; a stepson, Denby Goode, of Albany; two daughters, Mrs. J. L. Prosser, of Albany and Mrs. Edward Speake, of Atlanta.

## WAREHOUSES BURNED

(International News Service)  
ROCKMART, GA., May 31.—Fire early today destroyed the warehouses of J. M. Cochran and Brooks, and Nichols, the former with its contents of 12 automobiles, 40 bales of cotton and feed stuffs of all kinds. The Brooks and Nichols warehouse contained 100 bales of cotton.

## WITH FIRST BILLION GOLD MARKS PAID, GERMANY PLANNING NEW TAX PROGRAM

Taxes of Unprecedented Size Will be Imposed Upon the Citizens

### JUNKERS PARTICULARLY HARD HIT BY SCHEDULE

Upper Silesia is Principal Obstacle to Complete Financial Program

(International News Service)  
BERLIN, May 31.—Germany has paid her first billion gold marks to the allies and today the cabinet gave final consideration to the new financial program which Chancellor Wirth will announce in the Reichstag tomorrow. Taxes of unprecedented size will be imposed upon the Germans, and especially upon the landholders. The junkers, the big Prussian agriculturists, who were leaders of the military party before the war, will be especially hard hit.

Germany has a brief breathing spell now, having completed the first installment of her war indemnity when the German ambassador to Paris turned over \$200,000,000 to the reparations commission. Germany paid on the last day of grace.

The chief obstacle in the way of a complete German financial program is Upper Silesia. German officials expressed hopes today that the allies will settle this troublesome issue at the earliest possible moment so that Germany will know how much she will benefit in the future from the coal mines, industries and agriculture of Silesia.

## GIVEN ONE MONTH

(International News Service)  
LONDON, May 31.—Germany was today given one month to disband the irregular forces which have been fighting the Polish insurgents in Upper Silesia. Great Britain dispatched a note couched in emphatic terms, notifying the Berlin government that the irregular forces must be demobilized by June 30.

## PROPOSAL REJECTED

PARIS, May 31.—Premier Lloyd George's proposal for an immediate meeting with Premier Briand to discuss the Silesian issue was rejected by the latter today and it now appears that a fortnight will elapse before formal inter-allied discussions are opened.

## POLES DEFEATED

BERLIN, May 31.—Polish insurgents attempted to cross the river Oder near Rynik in Silesia, but were defeated by German volunteers, said an Opel dispatch today. The Poles have evacuated seven cities, all of which were subsequently occupied by Germans.

A great ovation was given by the residents of Gleiwitz to the Italian and British troops who entered the city.

MR. HARVEY WILL NEVER BE A  
POPULAR MEMORIAL DAY SPEAKER

The attempt of George Harvey to rob America of the great ideal for which her sons fought and died on a foreign strand, is the same in kind as is attempted by the slanderer and the common liar. That sentiment is contained in more than just a few utterances of staunch American writers apropos of Harvey's Pilgrim Society speech. Perhaps as severe a denunciation as has come down upon the undevoted head of Mr. Harvey, is found in a set of resolutions adopted by the Pennsylvania chapter of the National War Mothers which are as follows:

"Whereas, the Senate of the United States of America on April 2, 1917, declared that we were in a state of war:

"Whereas, we believed that it was through no fear of loss, no greed for gain, but for a great idea for the saving of the nations and the freedom of the world that we submitted to the sacrifice of our sons and countrymen;

"Therefore, we, the Pennsylvania Chapter of the National American War Mothers, assembled in convention in Philadelphia, declare we have read with the utmost abhorrence the words reported to have been spoken by Mr. George Harvey, ambassador to England. Those words are an insult to everything the women of America hold dear.

"They defame every man and woman who made sacrifices during the war in the hopes of hastening world peace and all it implies.

"Our beloved sons, sailors and marines, fought, suffered and died, believing they were crusaders in a great cause. The words of Mr. Harvey lead us to believe that they fought in vain.

"Our dead soldiers cannot repudiate this insult. It remains for the mothers whose sons made the sacrifice to do so.

"Therefore, we, the mothers of sons who were in the army and the navy, ask the president of the United States to repudiate this insult to the country and to remove the stain which the words of Mr. Harvey have placed upon the honored dead of the world war, who died for the ideals of the United States of America."

Mr. Harvey is referred to by some reputable journals as "poisonous reptile." Although he is described as greatly embarrassing the Republican administration, it is predicted that Mr. Harding will not dare to recall him, lest Harvey make bad matters worse. But what worse can he do than to have told the world that Americans fought "laggardly" and for their own comfort only? If Harvey remains at his present post and no retraction is made by him or for him, in a measure his verdict of America's motive for entering the war must stand for all time. If Harvey has his way the thought that we fought to end war or in order that peaceable people might live peaceably, and for the safety of world democracy, must perish away and be forgotten as a pipe dream of Woodrow Wilson.

Mr. Harvey said that the American army and navy did not protect civilization, but American business—the Standard Oil Co., the United States Steel Co., and such interests, we suppose. Another great accomplishment, of our armies, of course, was to continue America as an important enough nation to maintain diplomatic relations at the Court of St. James, and to continue to send such men as George Harvey abroad. President Harding, was evidently wise to the unspeakable crime in words committed by Mr. Harvey, when as if to pour oil on the troubled waters he said in his recent New York speech, when standing near 5,000 coffins of American dead:

"These poor bodies are but the clay tenements once possessed of souls which flamed in patriotic devotion, lighted new hopes on the battlefields of civilization, and in their sacrifices sped on to accuse autocracy before the court of eternal justice."

Very pretty words, had they not been spoken by the man who appointed Mr. Harvey to the highest diplomatic honor in the gift of the world's greatest nation. Besides Mr. Harding is the same man, who in his notorious Brownsville speech delivered soon after his party won an election, said that America did not fight to make the world safe for democracy, but for nationalistic reasons. Mr. Harvey has been credited with writing the Brownsville utterance, and Harvey's speech in London, does sound very much like the Harding speech in the Texas city.

What does it avail our fallen and glorified dead, for an American President to lay flowers on

their coffins in New York, while his world spokesman and our representative on the supreme council insults their memory by a sorry little speech in London.

A LEADER IN A RETURN  
TO RESPECT FOR THE LAW

The minister who defied mob violence at Hattiesburg, Miss., when the leaders of a lynching party started to storm a hospital for their victim, has become a hero in the eyes of supporters of law and order.

Aside from upholding the law against mob violence, the preacher considered that the welfare of the patients in the hospital was about the desire of certain people to enforce their ideas of justice. And he not only thought what was right, but he was prepared to do what was needed. He knew the psychology of the mob. He knew that at heart many of the members were cowards, and were bold only when supported by numbers. He also knew that the leaders would not listen to reason, so he decided to offer them death or obedience to law.

He surmised aright, that the would-be-lynchers respected their own lives, more than they did the life of the wounded man in the hospital. They fled before the preacher could fire on them.

It is to be hoped that the minister in question is but one in many who, as the days and years pass, will give mobs the same kind of medicine, they wish to force upon men before they have had a legal trial.

Until men realize that there are other considerations, than swift punishment, it will always be difficult to enforce the law against lynching and other acts of violence. The law, and its supremacy, is above any other consideration. Without law neither the race nor the individual can be developed. Civilization would come to a standstill. Nay, more, it would go backward, until men would become the savage beings they were before the development law or trial by jury.

And regardless of the moral aspects of mob law, it never accomplished any permanent good. The records show, that it does not prevent crime or deter criminals, but a spirit of crime and lawlessness is fostered by it. The solemn processes of a trial by a jury, and the final sentence of the judge from the bench, has a weighty influence for good in any community.

Opinions of real Americans on Mrs. Bergdoll's declaration that Grover will some day be president, should not be expressed before ladies.

The Twin City ball team came home wearing mule-drivers straw hats. They certainly made very domesticated animals of the usual stubborn Columbia Mules last week.

It must make Champion Dempsey feel little better to find so many of his fellow countrymen pulling for the French challenger. A New York sport writer explains the unpopularity of the champion in New York by quoting the following editorial paragraph from a Gotham newspaper: "Dempsey may be able to prevent Carpentier from taking the heavyweight belt away from him, but he will not be able to take Carpentier's croix de guerre."

President Warren G. Harding probably has more sympathy now for ex-President Woodrow Wilson than he did some six months ago.

Grover Bergdoll seems harder to get out of Germany than the \$56,000,000,000.00.

## IMPORTANT CLEW

The police are working on the theory that the bird who stole that baby carriage from a home in Birmingham is a married man.

A New York taxi driver has been arrested for killing two women. So they kill 'em in pairs or no count up there.

## OUR OWN HALL OF FAME.

Miss Tomma Hawk, we are informed by Miss C. Dianeous, is employed by an Indianapolis telephone company.

V. Persis Dewey (name verified) declares that the shimmy, while outlawed as a dance, "is highly valuable as a personal boudoir exercise to beautify shoulders and necks." Now that a practical use has been discovered for it, the shimmy is more than ever doomed to the ash can.

## BELLIGERENT BALLADS?

We buried him with hearty grins,  
And held a celebration;  
The boob was always hornin' in  
On other's conversation.

## HAIL THE NEW CHAMP.

The champion stingy man who, always holds back a couple of minutes in telling anybody the time, has lost lost his title. A woman in New York who is suing for divorce alleges that her husband always turned off the electric lights in their home as soon as he had read the evening paper.

Our anxiety concerning the pronunciation of Mr. Carpentier's first name is relieved by the tidings that he has 100 silk shirts. It should be Gorgeous.

A kiss is really nothing at all but some people are happy with nothing.

### CULLMAN VISITORS HONORED AT ROOK.

Misses Helen McCoy and Elizabeth Ottwell, of Cullman, were the inspiration yesterday afternoon for a pretty rook party, when Miss Lillian Rainey entertained at three tables in their honor. Sweet peas nasturtiums and pansies were the garden flowers selected to decorate the living room where the interesting game was enjoyed, which resulted in Miss Margaret Broadus capturing the dainty handkerchief, prize offered for top score. Miss Rainey presented each of her honorees pretty gifts as souvenirs of the occasion. Assisting the hostess in entertaining and serving her friends were her mother, Mrs. Rainey, Misses Marjorie Rainey and Miss Memrie Ridgway of Montgomery. The guest list included: Misses Elizabeth Ottwell, Helen McCoy, Marjorie Pointer, Margaret Broadus, Elonor Ramage Agnes Cassells, Fay Lane, of Courtland, Mary Daniels, Agnes Giles, Baby Bess Bailey and Elizabeth Ann Morrow.

### ANNOUNCEMENT

All members of Women's Music Study Club are invited to attend the Junior Music Study club recital tomorrow afternoon at 3 o'clock to be held at chamber of commerce rooms.

## Carpentier Fails Show Public All

(Continued From Page 1.)

was not very impressive in that he fought wide open. He is reported to have explained that he did this to lure Levinsky into range for his best punches. At any rate he showed little or nothing by which he may be judged.

Along the same line those who took Dempsey's showing against Brennan to mean that the champion is going back or that he has been over rated are "shooting" wide of the mark. Neither of these fights must be taken seriously in drawing comparisons between Dempsey and Carpentier.

Within a few days I hope to visit Carpentier's camp. I intend to wait until he says something, though I am eager to see him in ring costume. They tell me he looked a little weary and chafky when he landed from La Sovie, but that he is weighing 175. I believe he will need all the weight he can carry into the ring against Dempsey without hurting his speed and I imagine he will train to this end. His training methods, therefore will differ in some respects from those of Dempsey, who will take off a few pounds.

The champion is enjoying his stay down here. He is keeping his cheerful frame of mind and still working in "light shifts." He took the road today as usual.

### REMAINS IN HER MEMORY

How North Star Brings Up Vision of Happy Childhood to the Mind of Writer.

One of my own most perfect childhood memories concerns my visits to my grandmother, when she invited me to stay for supper, and my grandfather walked home with me after dark. All along the way, he used to point out our two shadows on the pavement as we passed the street lights one by one.

We watched the way the shadows were very short directly below the lamp, and how they lengthened until they were just our height—his much taller as tall as mine—and how they finally grew so long that their tops were almost out of sight. The object was to find the point where the shadows were exactly as tall as ourselves. When we came to the darkest part of the street, where our shadows were cast in the hedges, we used to stop and find the North star over a pointed tree near my own home.

That was always the way we made the journey from his home to mine, until he thought that I was too old to care to have him show me stars and shadows any more. But for me, as long as I live, the North star will shine over that particular tree. And I shall always keep the memory of that funny little shadow that used to be mine, clear cut with the light behind it, and beside it, hand in hand with it, that dear characteristic shadow that never falls on any road in the world.—Frances Lester Warner in the Atlantic Monthly.

**The Book Worm's Bother.**  
 Volumes have been written about the operations of the book worm and prizes offered for some suggestion for preventing their activities, but the book worm still thrives. The books made of pure rag paper, rag and wood fiber, and clay filler—each are attractive to a particular group of insects and the result is that no volumes are immune from their attacks. Many bindings are very attractive to roaches and it sometimes happens that owing to the combined activities of these pests that a book is reduced to a mass of dust.

**American Caves Things of Beauty.**  
 The deepest cave known in the world is one found near Fredericksburg, Norway, it being 11,000 feet. Think of it, almost two miles deep! But it is worth the trip down into its depths, for many of the wonders of nature are to be found there. However, when it comes to real beauty and interest there are no caves that can excel those of our own country.

## COTTON MARKET HAS FEW CHANGES

NEW YORK, May 31.—Only a few changes occurred in prices at the opening of the cotton market today, but the list was steady at an advance of 3 points to a decline of 3 points on first sales. The best buying was by Japanese interests and the trade, the latter taking January while Wall street and the South sold moderately. A good deal of switching occurred and Liverpool operated on both sides at the start. Later the undertone improved on covering by the room and at the end of the first fifteen minutes 5 to 6 points net higher.

## Is Doubting Thomas No Longer

"All medicines and doctors for stomach trouble proved worthless in my case. Everybody recommended something else and nothing helped, so I became a doubting Thomas as to any cure. While in St. Louis a party praised Mayr's Wonderful Remedy so highly that I bought a bottle and am now a doubting Thomas no longer." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists—Adv.

## Big League Scout Gives Once Over To Manager McDuff's Twin Tossers

Bob Higgins, for many years one of the best backstoppers in the Southern league, but now a scout for Chattanooga and the Detroit Americans, yesterday sat on the bench in the local park and gave the once over to Manager McDuff's Twins, as well as casting his peepers on the Tri-Cities squad.

Scout Higgins was reticent about his visit here and did not disclose the exact purpose of his visit. It is stated on good authority, however, that he is looking for material which will strengthen the faltering Lookouts, with a view of later developing the material for use at Detroit.

Although outfielders are said to be the particular object of his quest,

## REPORT OF RELIEF WORK UNEMPLOYED OF ALABAMA

May 14th 1921.

I hereby beg to make report to the citizens of Albany-Decatur and vicinity who so gratefully responded to the call of those who are in need of the necessities of life in the state of Alabama:

Cash receipts \$778.51.  
Flour, 2,880 pounds; Meal, 2,060 pounds; coffee, 50 pounds; meat 248 pounds; Sugar, 180 pounds; canned goods, 500 pounds; potatoes 445; Lard, 120 pounds.

Bought 300 bushels of meal—200 pounds of meat paid all committeemen and truck hire and freight on car and bought addition groceries and my expenses to Blockton. Expenses up to date \$774.41. Bal. on hand \$34.10.

In addition to the car of groceries that went to Blockton we gave aid to 41 families in Albany-Decatur and vicinity for medicine clothing and groceries. The car of groceries was distributed to 660 families at Blockton Bell Ellen, Marvel, Gunsey and gave aid to 2,810 people. I take the pleasure now of thanking each and every one of the good people of Albany-Decatur and vicinity who so gratefully helped us out in this great cause and especially thank the ladies and school children of Albany and Decatur for their aid in this great work and since May the 14th 1921 I received cash \$15.50 making a total of \$794.01 and gave aid to four families for food and railroad fare and paid one committee for his work expenditure \$23.33 making a total expense of \$767.33 leaving a balance on hand \$26.27.

Respectfully submitted,  
H. K. LAATSCH, Chairman.

Higgins was much impressed with the work of Johnston, local receiver. Joe already has been up to the big show once, but was turned down by Connie Mack on account of his lack of weight. Given 25 to 35 pounds more weight, Joe would be a member of Mack's clan now.

Higgins planned to attend today's game also to get a further line on the talent in the Alabama-Tennessee circuit. His visit here was the first from a big league scout and the second record for the league made by the Albany-Decatur club, the local organization being the first to sell a player, when Gibson and Cochrane were disposed of to Russellville yesterday.

RUSSELLVILLE WINS  
RUSSELLVILLE, ALA., May 31.—Russellville, strengthened by the addition of Gibson and Cochrane, bought from the Twins, won from Columbia yesterday 8 to 6 in a hard fought game, the locals overcoming a five run lead to win. Cochrane and Gibson secured 8 of the 18 hits obtained by the locals.

## SITTINGS OF GREAT BEAUTY DISTINGUISH NEW DE MILLE FILM

(Princess Today.)

Stage settings of unusual beauty are assured in any photoplay bearing Cecil B. De Mille's name and "Something To Think About," the Paramount picture which is showing at the Princess Theatre today easily reaches the high standard set by previous De Mille productions.

Against this background Cecil B. De Mille placed a home of exquisite beauty. By thus contrasting the two surroundings, they have emphasized the realism of one and the artistic perfection of the other.

Notable examples of this decorative lavishness are to be found in the Oriental living room, library and music room which comprises one portion of the residence in question. Another striking sample of the ultra-modern influence in interior decoration is in the dining room of the same dwelling. A boudoir of striking beauty completes this household.
